## **BOOK REVIEWS FROM OUR PATRONS**

If you enjoy memoirs our patron Kate recommends [Between Two Kingdoms](#) by Suleika Jaouad.

At 22, just graduated from college and living her dream as a journalist in Paris, the author is diagnosed with a type of leukemia that has a 35% survival rate. Just like that her life went up in flames and she would spend much of the next four years in a hospital bed fighting for her life. When the doctors finally declared her cured, she would soon learn a cure is not where the work of healing ends; it's where it begins. She had spent the past 1500 days trying to survive and now that she had done so, she realized that she had no idea of how to live.
